

MANGO AIR FRESHENER

LYNX METERED MANGO AIR FRESHENER is designed for use with an automatic aerosol dispenser unit. The metered valve delivers precise spray volumes in an ultra fine mist to effectively freshen rooms up to 6,000 cubic feet.

- Stops unwanted odors and deodorizes the air.
- Formulated to neutralize tough odors, such as sulfides (from eggs, garlic and onion), amines (from fish) and pyridine (from tobacco smoke).
- Recommended for use in: Schools, Hospitals, Institutions, Lodging Facilities, Offices, and other places where people gather.

DIRECTIONS: Remove protective cap and install in an Automatic Aerosol Dispenser unit. Dispenser should be mounted 7 feet from the floor and at least 8 feet away from exposed foods. Position so that the concentrated spray will not hit people, animals, foods, drinks, feeds, food processing surfaces, or solvent-sensitive surfaces (such as polished or varnished materials). Use only in a well ventilated area. Avoid inhaling spray mist or vapor.

Each can contains 3900 controlled sprays for use in closed areas that will last for approximately 30 days when used on a 24 hour basis or 60 days if used 12 hours per day when set to dispense every 15 minutes.

DANGER: Flammable. Harmful or fatal if swallowed. Keep out of reach of children. Contents under pressure. Do not expose to heat or store at temperatures exceeding 120°F. Do not puncture or incinerate container. Wrap empty container and put in trash collection. Refer to M.S.D.S. for additional safety information.

TYPICAL PROPERTIES:

Specific Gravity:..... 0.800
Odor Counteractant:..... 1.9%
Fragrance:..... Mango
Propellant:..... Hydrocarbon
Spray Characteristics:..... Very fine dry mist (short burst)
Net Weight:..... 7 ounces (199g)
